(32) "Supplemental air carrier" means an air carrier holding a certificate of public convenience and necessity authorizing it to engage in supplemental air transportation.

(33) "Supplemental air transportation" means charter trips in air transportation, other than the transportation of mail by aircraft, rendered pursuant to a certificate of public convenience and necessity issued pursuant to section 401(d)(3) of this Act to supplement the scheduled service authorized by certificates of public convenience and necessity issued pursuant to sections 401(d) (1) and (2) of this Act."

TITLE II—CIVIL AERONUATICS BOARD; GENERAL POWERS OF BOARD

GENERAL POWERS AND DUTIES OF THE BOARD

General Powers

SEC. 204. [*72 Stat. 743, 49 U.S.C. 1324*] (a) The Board is empowered to perform such acts, to conduct such investigations, to issue and amend such orders, and to make and amend such general or special rules, regulations, and procedure, pursuant to and consistent with the provisions of this Act, as it shall deem necessary to carry out the provisions of, and to exercise and perform its powers and duties under this Act.

TITLE IV—AIR CARRIER ECONOMIC REGULATION

CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

Certificate Required

SEC. 401. [*72 Stat. 754, as amended by 76 Stat. 143, 49 U.S.C. 1371*] (a) No air carrier shall engage in any air transportation unless there is in force a certificate issued by the Board authorizing such air carrier to engage in such transportation.

Application for Certificate

(b) Application for a certificate shall be made in writing to the Board and shall be so verified, shall be in such form and contain such information, and shall be accompanied by such proof of service upon such interested persons, as the Board shall by regulation require.

Notice of Application

(c) Upon the filing of any such application, the Board shall give due notice thereof to the public by posting a notice of such application in the office of the secretary of the Board and to such other persons as the Board may by regulation determine. Any interested person may file with the Board a protest or memorandum of opposition to or in support of the issuance of a certificate. Such application shall be set for a public hearing, and the Board shall dispose of such application as speedily as possible.

Issuance of Certificate

(d)(1) The Board shall issue a certificate authorizing the whole or any part of the transportation covered by the application, if it finds that the applicant is fit, willing, and able to perform such transportation properly, and to conform to the provisions of this Act and the rules, regulations, and requirements of the Board hereunder, and that

such transportation is required by the public convenience and necessity; otherwise such application shall be denied.

(2) In the case of an application for a certificate to engage in temporary air transportation, the Board may issue a certificate authorizing the whole or any part thereof for such limited periods as may be required by the public convenience and necessity, if it finds that the applicant is fit, willing, and able properly to perform such transportation and to conform to the provisions of this Act and the rules, regulations, and requirements of the Board hereunder.

(3) In the case of an application for a certificate to engage in supplemental air transportation, the Board may issue a certificate, to any applicant not holding a certificate under paragraph (1) or (2) of this subsection, authorizing the whole or any part thereof, and for such periods, as may be required by the public convenience and necessity, if it finds that the applicant is fit, willing, and able properly to perform the transportation covered by the application and to conform to the provisions of this Act and the rules, regulations, and requirements of the Board hereunder. Any certificate issued pursuant to this paragraph shall contain such limitations as the Board shall find necessary to assure that the service rendered pursuant thereto will be limited to supplemental air transportation as defined in this Act.

Terms and Conditions of Certificate

(e)(1) Each certificate issued under this section shall specify the terminal points and intermediate points, if any, between which the air carrier is authorized to engage in air transportation and the service to be rendered; and there shall be attached to the exercise of the privileges granted by the certificate, or amendment thereto, such reasonable terms, conditions, and limitations as the public interest may require.

(2) A certificate issued under this section to engage in foreign air transportation shall, insofar as the operation is to take place without the United States, designate the terminal and intermediate points only insofar as the Board shall deem practicable, and otherwise shall designate only the general route or routes to be followed. Any air carrier holding a certificate for foreign air transportation shall be authorized to handle and transport mail of countries other than the United States.

(3) A certificate issued under this section to engage in supplemental air transportation shall designate the terminal and intermediate points only insofar as the Board shall deem practicable and otherwise shall designate only the geographical area or areas within or between which service may be rendered.

(4) No term, condition, or limitation of a certificate shall restrict the right of an air carrier to add to or change schedules, equipment, accommodations, and facilities for performing the authorized transportation and service as the development of the business and the demands of the public shall require; except that the Board may impose such terms, conditions, or limitations in a certificate for supplemental air transportation when required by subsection (d) (3) of this section.

(5) No air carrier shall be deemed to have violated any term, condition, or limitation of its certificate by landing or taking off during an emergency at a point not named in its certificate or by operating in an emergency, under regulations which may be prescribed by the Board, between terminal and intermediate points other than those specified in its certificate.

(6) Any air carrier, other than a supplemental air carrier, may perform charter trips or any other special service, without regard to the points named in its certificate, or the type of service provided therein, under regulations prescribed by the Board.

Effective Date and Duration of Certificate

(f) Each certificate shall be effective from the date specified therein, and shall continue in effect until suspended or revoked as hereinafter provided, or until the Board shall certify that operation thereunder has ceased, or, if issued for a limited period of time under subsection (d)(2) of this section, shall continue in effect until the expiration thereof, unless, prior to the date of expiration, such certificate shall be suspended or revoked as provided herein, or the Board shall certify that operations thereunder have ceased: *Provided,* That if any service authorized by a certificate is not inaugurated within such period, not less than ninety days, after the date of the authorization as shall be fixed by the Board, or if, for a period of ninety days or such other period as may be designated by the Board any such service is not operated, the Board may by order, entered after notice and hearing, direct that such certificate shall thereupon cease to be effective to the extent of such service.

Authority to Modify, Suspend, or Revoke

(g) The Board upon petition or complaint or upon its own initiative, after notice and hearings, may alter, amend, modify, or suspend any such certificate, in whole or in part, if the public convenience and necessity so require, or may revoke any such certificate, in whole or in part, for intentional failure to comply with any provision of this title or any order, rule, or regulation issued hereunder or any term condition, or limitation of such certificate: *Provided,* That no such certificate shall be revoked unless the holder thereof fails to comply, within a reasonable time to be fixed by the Board, with an order of the Board commanding obedience to the provision, or to the order (other than an order issued in accordance with this proviso), rule, regulation, term, condition, or limitation found by the Board to have been violated. Any interested person may file with the Board a protest or memorandum in support of

or in opposition to the alteration, amendment, modification, suspension, or revocation of the certificate.

Additional Powers and Duties of Board With Respect to Supplemental Air Carriers

(n)(1) No certificate to engage in supplemental air transportation, and no special operating authorization described in section 417 of this title, shall be issued or remain in effect unless the applicant for such certificate or the supplemental air carrier, as the case may be, complies with regulations or orders issued by the Board governing the filing and approval of policies of insurance, in the amount prescribed by the Board, conditioned to pay, within the amount of such insurance, amounts for which such applicant or such supplemental air carrier may become liable for bodily injuries to or the death of any person, or for loss of or damage to property of others, resulting from the negligent operation or maintenance of aircraft under such certificate or such special operating authorization.

(2) In order to protect travelers and shippers by aircraft operated by supplemental air carriers, the Board may require any supplemental air carrier to file a performance bond or equivalent security arrangement, in such amount and upon such terms as the Board shall prescribe, to be conditioned upon such supplemental air carrier's making appropriate compensation to such travelers and shippers, as prescribed by the Board, for failure on the part of such carrier to perform air transportation services in accordance with agreements therefor.

(3) If any service authorized by a certificate to engage in supplemental air transportation is not performed to the minimum extent prescribed by the Board, it may by order, entered after notice and hearing, direct that such certificate shall thereupon cease to be effective to the extent of such service.

(4) The requirement that each applicant for a certificate to engage in supplemental air transportation must be found to be fit, willing, and able properly to perform the transportation covered by his application and to conform to the provisions of this Act and the rules, regulations, and requirements of the Board under this Act, shall be a continuing requirement applicable to each supplemental air carrier with respect to the transportation authorized by, and currently furnished or proposed to be furnished under, such carrier's certificate. The Board shall by order, entered after notice and hearing, modify, suspend, or revoke such certificate, in whole or in part, for failure of such carrier (A) to comply with the continuing requirement that such carrier be so fit, willing, and able, or (B) to file such reports as the Board may deem necessary to determine whether such carrier is so fit, willing, and able.

(5) In any case in which the Board determines that the failure of a supplemental air carrier to comply with the provisions of paragraph (1), (3), or (4) of this subsection, or regulations or orders of the Board thereunder, requires, in the interest of the rights, welfare, or safety of the public, immediate suspension of such carrier's certificate, the Board shall suspend such certificate, in whole or in part, without notice or hearing, for not more than thirty days. The Board shall immediately enter upon a hearing to determine whether such certificate should be modified, suspended, or revoked and, pending the completion of such hearing, the Board may further suspend such certificate for additional periods aggregating not more than sixty days. If the Board determines that a carrier whose certificate is suspended under this paragraph comes into compliance with the provisions of paragraphs (1), (3), and (4) of this subsection, and regulations and orders of the Board thereunder, the Board may immediately terminate the suspension of such certificate and any pending proceeding commenced under this paragraph, but nothing in this sentence shall preclude the Board from imposing on such carrier a

civil penalty for any violation of such provisions, regulations, or orders.

(6) The Board shall prescribe such regulations and issue such orders as may be necessary to carry out the provisions of this subsection.

CLASSIFICATION AND EXEMPTION OF CARRIERS

Classification

SEC. 416. [*72 Stat. 771, 49 U.S.C. 1386*] (a) The Board may from time to time establish such just and reasonable classifications or groups of air carriers for the purposes of this title as the nature of the services performed by such air carriers shall require; and such just and reasonable rules and regulations, pursuant to and consistent with the provisions of this title, to be observed by each such class or group, as the Board finds necessary in the public interest.

Exemptions

(b)(1) The Board, from time to time and to the extent necessary, may (except as provided in paragraph (2) of this subsection) exempt from the requirements of this title or any provision thereof, or any rule, regulation, term, condition, or limitation prescribed thereunder, any air carrier or class of air carriers, if it finds that the enforcement of this title or such provision, or such rule, regulation, term, condition, or limitation is or would be an undue burden on such air carrier or class of air carriers by reason of the limited extent of, or unusual circumstances affecting, the operations of such air carrier or class of air carriers and is not in the public interest.

(2) The Board shall not exempt any air carrier from any provision of subsection (k) of section 401 of this title, except that (A) any air carrier not engaged in scheduled air transporation, and (B), to the extent that the operations of such air carrier are conducted during daylight

hours, any air carrier engaged in scheduled air transportation, may be exempted from the provisions of paragraphs (1) and (2) of such subsection if the Board finds, after notice and hearing, that, by reason of the limited extent of, or unusual circumstances affecting, the operations of any such air carrier, the enforcement of such paragraphs is or would be such an undue burden on such air carrier as to obstruct its developement and prevent it from beginning or continuing operations, and that the exemption of such air carrier from such paragraphs would not adversely affect the public interest: *Provided*, That nothing in this subsection shall be deemed to authorize the Board to exempt any air carrier from any requirement of this title, or any provision thereof, or any rule, regulation, term, condition, or limitation prescribed thereunder which provides for maximum flying hours for pilots or copilots.
